2017 Largo Ridge Chardonnayproduct-timed-pdf - Mendocino County - 198 Case Production | The Perfect Summer Sipper

Why We're Drinking It

"Be kind and drink good wine!" That's the motto for these two 5th generation winemakers at Largo Ridge. Sami and Rachel Ruddick embody California cool with their approach to winemaking in Mendocino. They believe that the 1980's trend of overly concentrated Cabernet Sauvignon and Chardonnay are a thing of the past. The two sisters are instead focused on showing off the finesse and strength that lives within each bottle they create.

Though just entering the wine world in their own right, sisters are already charming the mouths of all drinkers that have crossed paths with Largo Ridge. Don't miss out on this incredible steal!

From the winery:

We believe that great wine starts in the vineyard. So with that, not a vine goes untouched, not a single grape goes uncared for. That dedication will shine through when you taste our wines. We are so proud to share them with you!

For us, a lot like music & photos, certain wines have the ability to take us to a certain place & feeling. We want to create wines that do the same for you! So, cheers to dreaming big, working hard, having fun... & most importantly being kind & drinking good wine!

Tasting Notes

Crisp, bright, and unoaked, our 2017 Chardonnay starts with a hint of tropical fruit on the nose followed by a splash of bright citrus on the tongue with the slightest pop of effervescence.
