Why We're Drinking It

[The Evolution of California Chenin Blanc](#)

-- SevenFifty Daily

Field Recordings is winemaker Andrew Jones' personal catalog of the people and places he values most. He has a keen eye for diamonds in the rough: sites that are unknown or under-appreciated, but hold enormous untapped potential. He strives for unique wines loaded with personality and a one-of-a-kind experience.

Spending his days as a vine nursery fieldman planning and planting vineyards for farmers all over California, Andrew is sometimes offered small lots of their best fruit on the side. Having stood in just about every vineyard on the Central Coast, he has a keen eye for diamonds in the rough: sites that are unknown or underappreciated but hold enormous untapped potential. As friendships are made and opportunities are embraced, Andrew produces small quantities of soulful wine from these unusual, quiet vineyards.
