

2014 Beresanproduct-pdf - Cabernet Sauvignon Walla Walla Valley - Washington Cabernet, Over 50% OFF! Don't Miss!

Why We're Drinking It

A killer deal on a rich, powerful Cab that was generally only found in restaurants! Don't miss if you love bang-for-the-buck reds!

Wow! We didn't see this coming, but we sure jumped on it -- all 32 cases, anyway! Will likely go fast... We've already put a few cases in our cars!

Located in the world-renowned Walla Walla Valley appellation, and with new vineyards planted in one of America's most distinct AVAs, The Rocks District, Beresan has 27 acres of estate vineyards that are carefully managed to produce premium fruit, and in turn, great wine. The geologic distinctiveness of the vineyards, combined with fine winemaking, is reflected in the unique character of their limited production wines.

The Waliser family makes terrifically overdelivering red wines, and the 2014 Cabernet is just singing right now. Rich, dark, almost MYSTERIOUS dark cherries, roasting coffee beans, dark cocoa, classic Washington tobacco leaf and sweet, plump tannin structure. Plenty of spice and a bit of mint and black pepper offsets the fruit amazingly well. SUCH a deal at \$20!! While it lasts!

APPELLATION

Walla Walla Valley, Washington
